

Impact of Opioids and Other Drugs!

Presents:

Round Table discussion on the effects of drugs in the workplace and the community. How is the Opioids epidemic impacting YOU?

If you are involved in your company's drug & alcohol testing program, this is an event where you will have a voice! Quest Diagnostics Drug Test Index shows alarming increases in employee substance use among the general U.S. Workforce.

Marijuana use has increased 4% among U.S. employees, combined with prescription drug abuse and a growing shortage of workers ... employers are nearly at a loss for what to do.

We want to discuss this growing concern with you. Please make time to join us.

"NDASA advocates for safe and drug-free workplaces and communities; this discussion will give insight of what is happening in your area!" Jan Kornmann
